Dear International Manufacturers of Medical Equipment, Supplies, and Devices

The General Authority for Medical Equipment, Supplies and Devices (GAMESD) is pleased to invite your esteemed company to participate in the **International Strategic Forum for Advanced Medical Technologies (ISFAMT 2027)**, scheduled to take place in Tripoli, Libya, from **16 to 18 January 2027**, under the slogan:

"Modern Medical Technologies Towards a Sustainable Future"

The forum is being organised as part of the Authority's ongoing efforts to develop Libya's medical equipment, supplies and devices sector, strengthen cooperation with international manufacturers, and create new opportunities for technology transfer and localisation. These efforts aim to address the needs of the healthcare sector and contribute to improving the quality of medical services.

In recognition of your company's important role in this field, we look forward to your active participation and direct attendance at this event. Your involvement will provide valuable opportunities to exchange expertise, showcase the latest innovations, and explore potential areas for cooperation.

The forum programme will include several activities, including:

1. **Accompanying Exhibition:** Showcasing the latest medical technologies, products and solutions offered by manufacturers, while providing an opportunity to present their products and services.
2. **Scientific Sessions:** Discussing recent developments in medical technologies and the challenges facing the healthcare sector.
3. **Practical Workshops:** Facilitating the exchange of expertise and strengthening knowledge of advanced medical technologies, in coordination with relevant healthcare institutions and facilities.
4. **High-Level Roundtable with Manufacturers:** Bringing together officials, decision-makers and experts to discuss the needs of the healthcare sector, address existing challenges, and explore opportunities for cooperation and appropriate strategic solutions.

In this regard, we kindly invite you to coordinate with your company's regional representative or the relevant executive responsible for participation in the forum.
